

## AE Worldwide Accepts the Challenge!

AE Worldwide, a specialized service company for the moving and relocation industry since 1964, has stepped up to the plate and accepted the challenge from Adam Lowy, Executive Director of **Move For Hunger**. He challenged us to make a difference in the fight against hunger! This is a challenge AE Worldwide has enthusiastically accepted.

AE Worldwide is **Move For Hunger's** first Corporate Partner for 2010. **Move For Hunger** was started in 2009 by the Lowy family of Lowy's Moving Service of Neptune, NJ, a Wheaton Van Line Agent. Founding Partners, include, Wheaton World Wide Moving and Lowy's Moving Service.

Todd Graham, President of AE Worldwide, reviewed the concept of the program and immediately asked "how can we get involved?" Todd is not only looking to participate in the program from a monetary perspective but also wants to have our HQ and nationwide network of regional office personnel roll up their sleeves and provide hands-on assistance.

Todd has agreed to provide **Move For Hunger** a monetary return based on the services provided to the family of Wheaton participants which includes Wheaton HQ and to date, over 60 Wheaton Agents.

**Move For Hunger** is designed to be a natural transition among home owners relocating and Wheaton's moving crews.

**Move For Hunger** provides those who are moving a means to donate the unopened food that they will not be taking with them on their move. Wheaton's professional moving staff will assist in boxing the donations. **Move For Hunger** will then make arrangements for these items to be delivered to the mover's local food bank. If everyone does a little it helps to fill a belly! In 2009, participating Wheaton agents collected nearly 25,000 pounds of food to our own nation's food banks.

As the partnership of AE Worldwide and **Move For Hunger** goes forward, additional opportunities to make a difference will be explored.
